Cllr. Jones **proposed** that the Minutes of the Parish Council Meeting of 16<sup>th</sup> September 2024 be approved by the councillors.

Proposal **seconded** by Cllr. Gray

**Vote:** Four in favour, two abstentions.

### **105/24 – Matters arising from the Minutes of 16<sup>th</sup> September 2024**

086/24: The Clerk advised that Shropshire Council have not as yet issued instructions on how to book a slot to visit the Craven Arms re-cycling centre. Councillors advised that the labels to be applied to green waste bins, indicating payment had been made for waste collection, had been a fiasco as the labels would not stick to the bins.

094/24: Cllr. Madeley had asked at the July meeting, which Cllr. Motley had been unable to attend, that she should give this parish council an update on the all the outstanding planning

issues at Oaklands campsite, but nothing had been heard from her. It was agreed to take the matter up with the new MP, Stuart Anderson. and to raise further FOI requests about the payment of business rates at the property. Cllr. Motley had not arrived at this point in the meeting, and this matter was revisited: she advised she had not been able to make contact with the Enforcement Team.

098/24: Cllr. Orme had contacted Mr. Hall and he has now given an up-date on his maintenance duties around the parish and delivered an invoice.

### **106/24 – Reports**

Cllr. Motley reported on the rains of Biblical proportions which fell on south Shropshire on 16<sup>th</sup> October: parts of A49 had to be closed and diversions put in place. Cllr. Jenkins advised that for the second time his home had been flooded, despite precautions he had put in place to avoid a repeat flooding episode. He was incensed that Highways had not done more about alleviating flooding in Hope Bowdler, an issue he has been raising for five years. Cllr. Motley responded Highways could not possibly calculate how much water would run off the hills and fields when there are exceptional amounts of rain, and that SC could not cover every problem in a county of this size, especially as it received inadequate funding from the government. Cllr. Jenkins responded that if Highways had cleaned culverts and drains regularly it would have helped. Cllr. Motley reiterated that SC is under-funded for all the work it has to do – the government haven't offered any extra funding for the care of children and the elderly; SC can't put up the council tax so can't raise more revenue. She advised SC is moving out of the Shirehall as it can't afford to heat it. Some staff will be working permanently from home and others will be re-located in the Guildhall in Frankwell. The news is that 19 local authorities are on the verge of bankruptcy.

### **107/24 – To discuss any planning matters.**

Councillors had been surprised and concerned that planning application 24/02864/FUL, which they had supported, had been refused planning permission by SC. The application was for a modest single storey extension to the front of Chelmick Manor, which appeared to be entirely reasonable and unobtrusive. The reasons for the refusal given by the Planning Officer in her Decision Notice were considered by councillors to be ludicrous.
